BUDGET MESSAGE

November 15, 2023

Board of Directors
Carbon Valley Parks and Recreation District
8350 County Rd 13 #180
Firestone, CO 80504

We are pleased to submit the 2024 budget of \$8,297,611 to the Board of Directors, making use of all available funds. The budget presented addresses all foreseeable operational needs for the year 2024. The budget is being submitted in accordance with the Colorado Revised Statutes (C.R.S.) 21-1-105. The District uses a modified accrual basis of accounting.

The focus in 2024 has been to address the growing demands for District services while focusing on core services and creativity within the community for space and facilities. In addition to the external facing services, investing in District staff's growth and development internally will directly relate to the quality of service and success throughout the community.

Throughout 2024, the District will also be refocusing on expansion opportunities within the community and connecting with the residents on possible desires, preferences, and funding mechanisms.

As staff work in conjunction with the Board of Directors, accomplishing tasks and visionary approaches will drive the efforts towards the following priorities in 2024.

- Internally focused on staff development and growth
- Externally focused on customer service and experiences
- Financially focused on stewardship of funds

The annual Budget is approved by the Board of Directors due to its comprehensive nature, including outlining the range of services offered, setting a common, agreed upon direction, prioritizing the allocation of public funds, and the time invested by both the Board and staff in future planning.

The 2024 budget for all appropriates is \$8,103,112

BUDGET MESSAGE

Funding Sources

Funding sources for the District are received between two methods;

1. Property tax revenues.
2. Charges for services.

The majority of funding for the District is through property tax revenues. The District continues to see a steady increase in property tax revenues mainly in part to oil and gas collections. Not incorporating such increase into the operational funding is important to be aware of, due to the lack of consistency and projections for decline in future years to come.

Charges for services result from recreational and program revenues that are collected from the users of the recreation facilities and programs. Fees are assessed and adjusted annually based on the current market and recovery goals.

Expenditures

The 2024 general operating expenditures were budgeted based on prior and current year spending. An inflation of 5-10% was used to determine some expenditures such as utilities, memberships, and dues.

Capital Projects

Capital projects are budgeted annually as the need and associated cost may fluctuate from year to year. Priorities throughout 2024 will focus on the continued efforts to take care of current District facilities and assets. Refurbishment and replacement projects will concentrate on the general operations of District facilities for infrastructure and longevity of assets.

Fund Balance and Reserves

Maintaining fund balances are critical to the financial health of the District. Based on TABOR the District will continue to hold a minimum of 3% of revenues in fund balance.

Conclusion

In conclusion, we submit the 2024 budget to the Board of Directors. We continue to make great strides within the organization with money management, project planning, staff trainings and ownership which is reflected in the improved and more transparent budget.

Respectfully Submitted,

Dean Rummel
Executive Director

BUDGET PROCESS

The annual budget is a fiscal plan, which presents the services and programs that will be provided to the communities within the District, and the funds needed to perform these services and programs. The Carbon Valley Parks and Recreation District constructs its budget on a calendar year, as required by law.

The Budget is prepared and adopted in a manner, in accordance with law, that adequately reflects the intent of the Board of Directors for the budget year. The budget is presented as a legislative document that, together with the related appropriation resolution, will represent the Board policy concerning the sources and uses of funds for the budgeted year.

- Release Budget Calendar
- CIP Committee Meetings
- Budget Expectations Meeting

- Finance Review
- BOD Reviews/Recommendations
- Assessor to Certify Tax Entities

BUDGET PROCESS

The budget process begins with the publication of a budget calendar during the beginning of March. From March until May, the Executive Director and Administrative Director work with staff to preform training and prepare for the budget process. The Administrative Director meets with each division to review current and prior year spending, in preparation for the upcoming budget submissions.

Division budgets are due back, along with new budget requests by the beginning of May. After review, the Administrative Director meets again with each division to review the coming year budget. Throughout the year a team of staff members meet to review and plan for current and upcoming Capital Improvement Projects and asset replacement programs.

By the end of August, the District received the Preliminary Certification of Valuation from Weld County. This document helps guide Finance on making the appropriate calculations for revenue projections in the next year.

At the beginning of October, a draft of the budget is submitted to the Board of Directors for review. A "Notice of Budget" is then published prior to October 15th, and a special board meeting is filed to receive the proposed budget. The following information is required:

- Detailed estimates of proposed expenditures for each division/program within the District
- Statements of the bonded and other indebtedness of the District
- Detailed estimates of all the estimated revenues of the District
- A statement of the estimated balance or deficit for the end of the current fiscal year
- An estimate of the amount of money to be raised from current and delinquent taxes
- Any other supporting information that is requested by the Board

BUDGET PROCESS

Budget Hearing and Adoption:

A public hearing on the proposed budget shall be held before its final adoption at such time and place as the Board shall direct. Notice of such public hearing and notice that the proposed budget is on file in the Administration Office of the District shall be published in a newspaper that specifies the date, time and place of the budget hearing and that the complete proposed budget shall be on file for public inspection during regular administrative office hours.

The Board shall adopt the budget by resolution at least (5) working days before the final day established by law for the certification of the ensuing year's tax levy to the county.

State law requires the District to certify its property taxes and mill levy with its county by December 15th and the District's final budget be submitted by January 30th to the Department of Local Affairs.

BUDGET PROCESS: AMENDMENTS

After the budget is adopted, the approved budget can only be changed through a public hearing of a resolution amending the budget. Requests will be reviewed and determined based on availability of funding and needs of the District.

2024 GENERAL FUND REVENUE SUMMARY

The General Fund accounts for money received from property taxes to the District and fees generated by the District. This fund accounts for all the operational activity in the District on a day-to-day basis. The general fund is broken down into categories, departments and divisions. Most of the District’s budget is developed, focused, and reported on from the general fund.

The 2024 General Fund revenues are projected to increase 23.16% to \$8,037,611 from the 2023 budgeted revenues of \$6,526, 205. The District’s largest General Fund revenue sources are property taxes at 76.36% and charges for services at 21.83%.

Explanation of Property Taxes:

Property Taxes are levied by the District’s Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally, as of January 1 of each year. The levy is normally set by the December 15 certification of the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer’s election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

There was significant increase in property tax funds from 2023 to 2024, which is due to the increase in oil and gas tax levies, as well as an increase in property valuations in 2023. The expectation from the county is that the oil and gas levies will decrease in 2024 due to decrease in oil and gas prices during 2023.

For collection year 2024, the District’s adopted a mill levy of 4.427 for operations.

2024 GENERAL FUND REVENUE SUMMARY

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The forecast assumes that the District's share will be equal to approximately 6.0% of the property taxes collected.

Net Investment Income

For interest earned on property tax, the District's available funds has been estimated based on an average interest rate of approximately 0.05%.

For interest earned on all other available funds, the District estimates an average interest rate of approximately 1.00% with an average daily balance of \$2M.

Charges for Services

Guest service, facility and program revenues are collected from the users of the recreation facilities and programs. These revenues include access to the recreation center as well as for participation in classes and programs provided by the District. In 2024, Charges for Services total \$1,754,684, this is a 5.69% increase from 2023.

Intergovernmental Agreements

Intergovernmental agreements or IGA's are agreements between the District and other local governments. The District currently has several IGA's that are described on page 62.

Contributions/Sponsorships

Contributions and sponsorships are received through partnerships with local businesses and organizations who pay for advertising space, promotions, or to support specific programs through the recreation center. In 2023, the District revamped the sponsorship program hoping to increase sponsorship revenue.

Facilities

The Facilities Department consists of Active Adults, Aquatics, and Fitness and Wellness. The Facilities Department is responsible for coordinating and administering programs and services within these areas. Prior to 2023 the Facilities Department was the Recreation Department; the name change is due to organizational structure shifts within the District.

- Contract Services expenditures are estimated to increase from \$1,400 in 2023 to \$2,400 in 2024. The increase is due to increased rates for Active Adult contracted classes.
- For 2024, the estimated Services and Charges budget for the Facilities Department is \$49,697, a 17.35% increase from the 2023 budget of \$42,350. This increase is due to adding a new lifeguard training program in the Aquatics division.

Operations

This Operations Department consists of Maintenance Services, Custodial Services, and Guest Services. This includes all building and park maintenance along with guest service, cash management, and customer relations functions. Prior to 2023 the Operations Department was split into the Facilities and Operations Department. In 2023 the Operations Department absorbed the Facilities Department due to organizational structure shifts within the District.

- In 2023, the Department plans to expend \$1,350,376, a 14.19% increase from \$1,182,537 in 2022. Changes for 2024 will include additions to the custodial cleaning contract for the Community Center along with an increase in utilities expenses for the District.

- The Materials and Supplies budget increased by 84.40% to \$111,190 in 2024 from \$60,298 in 2023. This increase is due to a new mower/snowplow that is need for maintenance along with increase custodial supply cost for the new Community Center.
- Contract Services for the Operations Department will increase to \$119,300 in 2024 from \$81,700 in 2023. The increase is in large part to re-classify funds from services and charges to contract services. This re-classification better fits how the funds are spent as many large repairs are completed by contractors.

2024 GENERAL FUND SUMMARY

- For 2024 the Services and Charges expenditures are budgeted for \$373,178. This is a 10.63% increase from 2023 which was \$337,311. This increase is due to the rising costs of most of the utilities that are budgeted for in the Maintenance Services budget.

Non-Departmental

The Non-Departmental department is a budgeted department for all expenditures that do not fall under any specific department. This includes property tax expenditures, merit/market budgeted increases, and General Fund principal and interest expenditures.

In 2024, the total Non-Departmental expenditure budget is \$496,704. This includes all leases, County Treasurer's fee and the market/merit increase.

In 2024, the County Treasurer's fee of \$123,303 is anticipated to increase from the prior year amount of \$98,434. This is due to the increase in property tax revenue.

In 2024, the District will only have one remaining capital lease. This is for the 2022 Building Lease. More information about this lease can be found on page 29. A debt schedule for this lease can be found in the Appendix on page 70.

The District has a lease for The Studio location in Firestone, which includes administrative offices and a studio. The District holds a five year lease which started in 2020. The total cost in 2024 will be \$30,500.

The market/merit increase account will be funded with \$183,000 in 2024. This is an increase from the prior year budget of \$40,000. The market/merit increase amount is utilized to give full and part-time staff pay increases for either market adjustments or for merit awards. The main reason for the increase is due to federal minimum wage increasing for full-time exempt employees and the state minimum wage increasing for part-time employees.

The Non-Departmental Department accounts for all other budgeted items that do not fall into one of the District's four functional Departments. Non-Departmental tracks all General Fund property tax revenues and related expenditures, lease and capital lease payments and a market merit account to budget employee market and merit increase for the year.

In 2022, the Board of Directors agreed to invest into the District's staff by completing a compensation study and job description analysis. OTHER FUNDS

THE 2024 CONSERVATION TRUST FUND

The Conservation Trust Fund is a special revenue fund. This fund tracks the monies received from the Colorado Department of Local Affairs (DOLA) from the State's lottery fund distribution, which are received quarterly. These funds are required to be used on specific projects associated with parks and recreation. The District plans to receive approximately \$255,000 in revenue in 2024.

Of these funds, the District plans to use \$135,000 in 2024, \$50,000 for a gymnastics remodel design and \$85,000 for Community Center additions. The additions include a wall partition in the multipurpose room and cardio equipment. Encumbered funds can be used through resolution, once specific projects are determined that fall into the criteria of use defined by DOLA.

OTHER FUNDS

2024 CAPITAL IMPROVEMENT PROJECT FUND

In 2018, the District created a Capital Improvement Project (CIP) Fund. This fund will be supported by the General Fund by transfers. All expenditures from this fund will be for projects that are approved by the Board of Director and the Executive Director of the District. This fund will facilitate the tracking of projects that can include improvements to existing facilities and parks, the construction of new facilities and parks, and the acquisition of capital assets for District use.

At the end of 2023, an estimated assigned fund balance of \$1,209,762 will roll over to the beginning balance of 2024. These funds will be assigned by the Board of Directors for the below listed projects. In 2024, a budget of \$650,000 will be transferred from the General Fund to the CIP fund.

In 2023, the District budgeted the projects below. Most projects have been completed or will be complete by the end of 2023. Any incomplete projects will roll over into the 2024 budget through a budget amendment approved by the Board of Directors. The projects include:

2023 Captial Improvement Projects

Recreation Center - Front Entrance	\$ 740,000.00
Recreation Center - Improved Usage Feasibility Study	35,000.00
Senior Center/Admin Building - Renovation	2,100,000.00
	\$ 2,875,000.00

In 2024, the District has budgeted for the following projects:

2024 Captial Improvement Projects

Recreation Center - HVAC Repair	500,000.00
Recreation Center - Pool Slide Repair	150,000.00
	\$ 650,000.00

OTHER FUNDS

RECREATION CENTER – HVAC REPAIRS: \$500,000

Rooftop Units (RTUs) at the recreation center are nearing the end of their life. We need to replace most of the RTU's at the recreation center, however, we plan on doing four of them in 2024. Replacing these units will allow for us to heat/cool the building better and more efficiently.

RECREATION CENTER – POOL SLIDE REPAIR - \$150,000

Stairs leading up to the pool slide need to be repaired. The stairs are safe to use, and the issues are cosmetic in nature.
